Ref: G.O.No.3387 H dated 27.9.1950.
C.R.No.795 dated 6.4.1951.

I am enclosing herewith a copy of council resolution No.795 dated 6.4.51 and request early orders.

During the year 1.4.50 to 31.3.1951, small pox was raging in the town in an epidemic form and the number of patients in the I.D.Hospital maintained by the Council was invariably large. The private medical practitioner engaged by the Council had to visit the I.D.Hospital twi every day and attend on the patients. The Government in their order first cited above were pleased to sanction a remuneration of Rs.5/- p day to the visiting doctor, subject to the condition that the visits were two per day and the maximum remuneration did not exceed Rs.750/- in a year. As the doctor has been regularly visiting the I.D.Hospita twice every day, he would be entitled for the remuneration of Rs.5/- per day from 1.4.50 to 31.3.51, aggregating to Rs.1825 but the limit set by Government in their order cited above is Rs.750 during a yea

The number of patients at present in the I.D.Hospital is only 9 and the Municipal Health Officer has fixed up a programm the visits of the doctor and as at present the limit set by the ment could be adhered to.

I request early orders on the above.

Forwarded.

On a reference from this office, the Commissioner, Mangalore Municipality has reported that there were cases of smallpox in the Infectious Diseases Hospital, throughout the period from 1-4-50 to 31-3-51 and that the Medical Practitioner visited the Infectious Diseases Hospital twice daily throughout the year except on the following dates.

2-6-50
11-2-51
11-3-51. } When he did not visit the hospital.

and on 3-4-50, 27-4-50, 10-6-50, 22-6-50, 26-6-50, 25-7-50, 13-9-50, 13-9-50, 28-9-50, 4-10-50, 26-10-50, and 22-11-50. } when he paid only one visit on each of these dates.

Attention is invited to G.O.Ms.No.3387, Health dated 27-9-50 whereby Government sanctioned a payment of Rs.5/- per day when the Medical Practitioner makes two visits per day and Rs.2/- only when he makes a single visit per day. On this basis for the above period the practitioner's remuneration works out at Rs.1,777/- for the year. However the maximum payment to him, for an year has been ordered to be limited to Rs.750/- in the above cited Government Order.

In view of the heavy work involved during this particular year for the medical practitioner when throughout the year - smallpox cases were isolated and treated in the hospital - it is recommended that as a special case for this year - the limit of remuneration to Rs.750/- per year may be relaxed and he be paid at the rates on daily visit basis as already sanctioned by Govern in the above cited Government Order.

REF: Govt. order Ms.4378, Health Department d/ 24-12-1951 & Council Resolution No. 1327 d/ 25-10-1952.

In G.O NO. MS. 4378 H d/ 24-12-1951 the Government ordered relaxation of the upper limit of Rs 750/- fixed in G.O.Nos 3387 H d/ 27-9-1950 as a special case and payment to part time Registered Medical Practitioner employed by this Council for visiting and treatment of small-pox patients admitted to Municipal I.D Hospital, the ~~patients admitted to~~ full remuneration of Rs 1774/- from Municipal funds at enhanced rate of Rs 5/- per day for two visits for the period from 1-4-1950 to 31-3-1951 as resolved by the Council, in Council Resolution No. 795 d/ 6-4-1951 (Copy enclosed). Dr.P.Subba Rao, who is the part time Registered Medical Practitioner employed for the purpose, was paid at Rs 2/- per day for the period from 1-4-1950 to 31-3-1951 and the difference due at Rs 3/- per day was paid for the said period after the enhanced rate was sanctioned.

In the year 1950-1951 small-pox prevailed in this town. The Council sanctioned in C.R.No. 184 d/ 25-2-1950 (Copy enclosed) the remuneration to Medical Officer at Rs 5/- per day for two visits from 1-1-1950 and the Government was addressed accordingly for sanction in this office H1/21859/49 d/ 11-3-1950. The Medical Officer was regularly visiting the I.D . Sheds twice a day for the treatment of the cases from 1-1-1950. The council was unaware of this fact as it was not pointed out in office note by oversight at the time when it considered the Government Order No. 3387 H d/ 27-8-1950 on the above reference and requested in C.R.No. 795 d/ 6-4-1951 (copy enclosed) for relaxation of upper limit of Rs 750/- & for permission of Govt. to pay the Medical Officer at Rs 5/- per day from 1-4-1950 instead of from 1-1-1950 as previously resolved .

After payment of the remuneration as per orders in G.O cited in para one above the Medical Officer requested in view of the facts mentioned in para 2 , payment of remuneration at enhanced rate from 1-1-50 to 31-3-50 as he was paid at this rate only from 1-4-50. The particulars of the number of smallpox cases treated by the Medical Officer on each day during the period from 1-1-50 to 31-3-50 are furnished in the enclosed statement. He was paid at Rs 2/- per day for this period. He now claims the difference of Rs 270/- due to him at the rate of Rs 3/- per day for 90 days from 1-1-50 to 31-3-50.

I enclose herewith a copy of council resolution No. 1327 d/ 25-10-52 sanctioning payment and request early orders.

AGENDA

Sanction of the Council is requested for meeting the expenditure of the items sanctioned by the Public Health Committee dated 30-12-49 in respect of I.D. Sheds.

Proceedings of the Public Health Committee of the Municipal Council Mangalore held at 5 P.M on 30-12-49 in the Municipal Office, Mangalore.

The following resolutions to improve the existing conditions regarding diet etc., in the Infectious Diseases Hospital are passed.

1. The daily remuneration of the Medical Officer to be raised to Rs 5/- (five only) and the doctor should examine the patients both in the forenoon and afternoon. He should maintain case sheets and charts patient-war prescribing the necessary medicines and diets from time to time for a period of one month from 1-1-50. Weekly progress report also to be sent to the Municipal Health Officer.

Council Resolution no: 1327 dt 25-10-1952.

H1/7754/52. NOTE TO THE COUNCIL

This council maintains a Isolation Diseases Hospital at Urva. Dr.P.Subba Rao was employed as part-time Registered Medical Practitioner for visiting and treating the small-pox cases on a remuneration not exceeding Rs 2/- per day for visit and he was then paying one visit to the I.D Sheds. In the year 50-51 small-pox prevailed in this town and the number of cases admitted to these sheds increased and consequently it was considered necessary that the M.O should visit these sheds twice a day for the treatment of the cases and the council, in its resolution No. 184 dated 25-2-50, sanctioned the payment of remuneration of Rs 5/- to Medical Officer per day for two visits from 1-1-50. In G.O Ms.No. 3387, H dated 27-9-50 Government sanctioned the payment of enhanced rate subject to the condition that only Rs 2/- to be paid to the Medical Officer for any day if he pays only one visit and that the maximum payment to him for a year as a whole should not exceed Rs750/-

As small pox was raging in an epedimic form during 50-51 and as the number of cases admitted in the I.D.Hospital was invariably large the M.O had to visit and treat the cases twice every day and as such he would become entitled for payment at Rs 5/- per day and in which case the limit set by Government could not be adhered to. Hence as resolved by the council again in C.R.No. 795 dated 6-4-51 the Government on being addressed in G.O.No. 4378 H dated 24-12-51, relaxed the upper limit fixed in the previous order and sanctioned the payment of the remuneration of Rs 1774/- at enhanced rate for the period from 1-4-50 to 31-3-51. The payment of Rs 1061/- being the difference of excess amount due between the amount sanctioned and the amount previously paid was accordingly made to Medical Officer (vide Vr.No. 2024/51-52.)

Now the Medical Officer states that he was visiting the I.D. Sheds twice a day from 1-1-50 as per orders d/ 31-12-49 from the office and that he was paid the remuneration at enhanced rate of Rs 5/- per day, only from 1-4-50 though the council in its original resolution sanctioned the same from 1-1-50 and that as such requests that the difference of Rs 270/- due to him at the rate of Rs 3/- per day(as he was previously paid only at Rs 2/- per day for the said period) for 90 days from 1-1-50 to 31-3-50. It is reported that the M.O actually visited the sheds and treated the patients twice a day during this period. Particulars of small pox cases admitted during this period are also furnished. Sanction of the Government is necessary for the above payment. Council is requested to consider the question of payment at enhanced rate for the period from 1-1-50 to 31-3-50.
